

Results:

1. Detection of projects and activities, categorized on their relevance and positive impact in the immediate term (1 month), to achieve a particular goal. Example: to generate more cash flow.
2. Pareto approach: defining business priorities so that over 20% of effort generates 80% of the results.
3. Review of project management concepts and parallel thinking to align views and efforts according to the current needs of the organization.
4. Create an action plan to be followed immediately by management.

Includes:

- + 8 hours of workshop.
- + Follow-up on established action plans using project management methodology.
- + Two post-workshop follow-up sessions to answer questions, review materials, and address any particular issues participants have (two-weeks and four-weeks after the workshops).
- + Electronic copies of the presentation materials and work manual (Printed copies not included).
- + Certificate of completion with objectives achieved.
